6. Within eight days of the acceptance of the tender of the successful competitor will be required to execute the usual bond: in default of which his tender will be cancelled and earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Percentage rates above or below the estimate amount will not be accepted.

10. No claims for enhanced rates will be entertained on any account after acceptance of tenders.

11. The contractor will be dealt with in terms of the bond for any short progress or delay. In matters of all disputes about rates and measurements quality of work, etc., and in all disputes of any kind the decision of the Chief Engineer will be final and legally binding on the contractors.

12. Rates should be quoted both in words and figures for each item of work and lumpsum provisions are subject to modification as per data worked out during the execution. For individual items of work under lumpsum provisions the rates tendered for similar items of work will be paid and for other items the rates as per schedule of rates will be paid at the discretion of the Executive Engineer.

A. TANDONI RAO,
Executive Engineer.

MYSORE RAILWAYS.

Notification dated 12th August 1931.

Notice is hereby given that the sealed tenders will be received at the Office of the Executive Engineer, Mysore Railways, Hassan, on any working days up to 2 P.M., on 31st August 1931, for collecting and spreading broken stone ballast on Mysore-Arsikere Railways. An approximate estimate of quantities is given in the following schedule. The quantities are not guaranteed. The work should be completed by the end of May 1932 showing continuous equal monthly progress under collection work.

2. Details of work and conditions of Schedule Agreement may be seen at the Executive Engineer's Office, Mysore Railways, Hassan, on all working days, between 11 A.M. to 5 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer on payment of one rupee.

4. Every tender must be accompanied by a deposit of Rs. 100 in cash as earnest money and should be superscribed "Tenders for collecting and spreading broken stone ballast on the Mysore-Arsikere Railway" in default of which tenders will be rejected.

5. The earnest money of rejected tenders will be returned as early as possible after the tenders are disposed of and in the case of accepted tender it would be held as a part of security under clause 4 of the Schedule Agreement referred to.

6. The final acceptance of any tender will rest with the Superintendent, Way and Works, Mysore Railways, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender or any portion of a tender.

7. The name of the competitor whose tender has been accepted will be posted on the Notice Board in the Executive Engineer's Office. No enquiries regarding the acceptance or rejection of a tender will be answered.

8. Within eight days of the acceptance of the tender, the successful competitor is required to execute the usual schedule agreement, in default of which, his tender will be considered as cancelled.

9. Definite rates against each item of work in the Schedule should be noted both in figures and in words.

10. In case the accepted tenderer quarries stone, earth, kankar, sand etc., from Government or Forest land for use on this work, Royalty at the rates fixed by the Government will be recovered from his bills.

SCHEDULE.

Sl. No.	Item of work	Unit	Quantity
1	Collection of broken stone, ballast, quartz or granite, broken to pass through 2" ring including stacking the same in standard heaps of 20' x 50' x 2' or 10' x 50' x 2' free from dust, wherever shown on prepared level ground inclusive of all charges within Railway limits. Pebbles must on no account be mixed by quarrying or by field picking. The ballast must be collected at nil points on line and on no account over cuttings more than three feet deep, or near banks over three feet high.	1,000 C.ft.	1,00,000 C.ft.
	Between :—
